### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

The amendment filed on 10/31/2008 has been considered in view of the specification and the drawings of this application with respect to the references of the record. The references of the record taken alone or in combination fail to teach or suggest the method steps of designing a tool vector in a form of leading angles and setting angles for each interpolation point on the tool path, determining a normal vector for each interpolation point from the leading angles and the setting angles as well as from a drive vector determined for each interpolation point, and using the normal vector at each interpolation point on the tool path for a 3D-radius correction for compensating for deviations in dimension of the tool as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to /PAUL IP/ whose telephone number is (571)272-1941. The examiner can normally be reached on Monday to Friday from 6:30 am to 3:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Walter Benson can be reached on (571)-272-2227. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
